MEGAPHONE

Chuck.

We sure have had a lot of fun in chair this year, and dill see you in there next year. Don't forget the fun we had putting in that pier that Sunday. I don't want to see you doing any deep sea diving so take it easy.

"Pop" Eckenwalder

Dear Chuck,
I hope that you enjoy this summer around this summer camp. We will have a swell time together and I remember that Sunday we took down that pier. Those were the days. Have fun this summer and I'll see you in chair next year.
Yours truly,

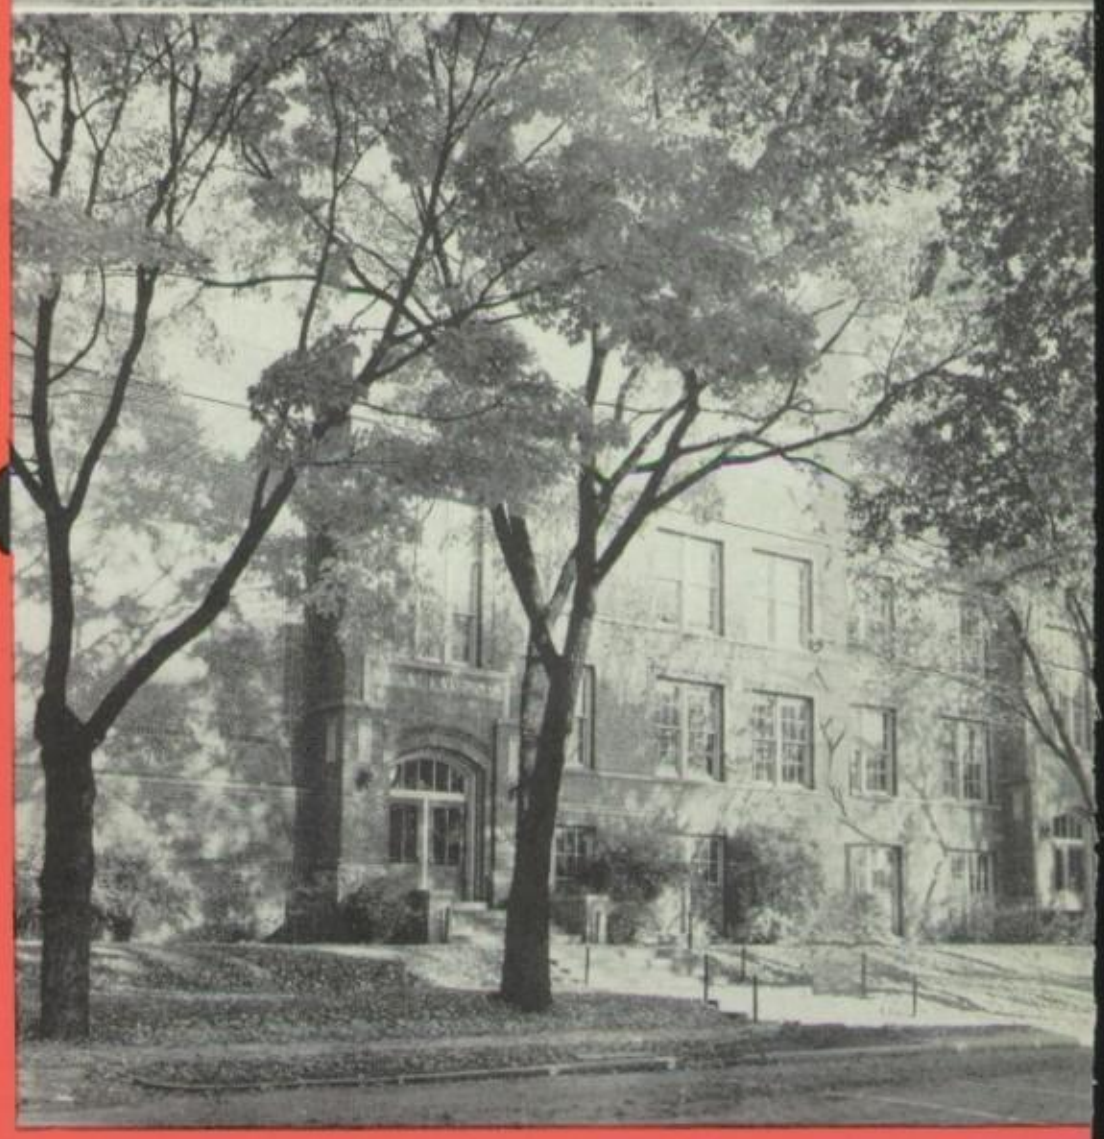
Edison Building

Lincoln Building



Foreword

A new schedule came to our school and the signs of the change were: the long line of impatient kids waiting for the 12:58 bell to ring and let them enter the building . . . the dash home at noon for that 53 minute lunch hour . . . the silent halls with their noon hour classes in session . . . the welcome "school's out" at 3:00 . . . the compulsory make-up day on Thursday . . . eleven bright yellow school buses all in a row waiting for their occupants to pile in . . . assembly every other week . . . a brand new 8th hour activity program. Surely these were enough to bewilder even the most knowing senior!

But gradually, order replaced confusion and we settled down to thirty-six weeks of work and fun. It was hard to get used to the new schedule, but we all managed to survive, although the 8th hour activity period left us all a little baffled. Our school week evolved around the new period something like this:

On MONDAY and Wednesday, we had a chance to show our abilities in the Senior high activities. We enjoyed the experiences and the variety of new clubs that were initiated. Junior High students claimed TUESDAY and Thursday as club days.

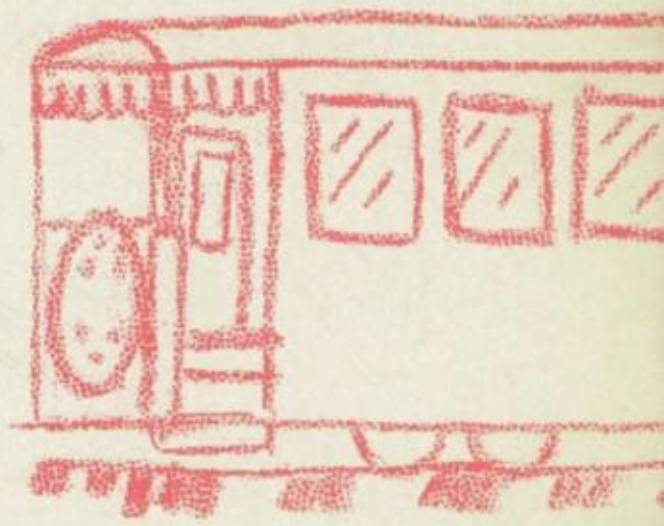
The student body met every other WEDNESDAY in the newly-painted auditorium for assemblies. We were entertained by speakers, singers, movies and other educational programs.

When THURSDAY rolled around, it brought make-up night with it. Teachers allowed no excuses — they claimed it was for our own good to complete our assignments.

After pep assemblies on FRIDAY afternoon, we went home at 3:00 in order to be back in time for the numerous sports events.

Then, on weekends, we went to Rec Dances, plays, shows, the Attic, and other social events that played a big part in our SCHOOL LIFE.

And so, we thought you'd like to remember this, the year of the new schedule, as seen by the Meg Staff.



Dear Chuck,

This year was a lot of fun wasn't it? Remember the fun at the Prom picnic in Charlie Moray's car. (I hope Gretch wasn't too mad.)

See you in choir next yr.
You sure were a brain in Hist.
Don't be too hard on the girls (esp. Gretch)

Well — see you this summer and next yr.

Love,

ACTIVITIES

The scrape of saws in the girls' woodwork class . . . planning another assembly for an over critical student body . . . general disorder and the rap of the gavel starting another Student Council meeting . . . one hundred and fifty-six F.F.A. boys planning a dairy show or harmonizing in their choir . . . all of these things combine to make our eighth hour activity period.

But even eighth hour didn't give us enough time for all the activities we wanted to take part in.

There were those long work sessions and that final sigh of relief as another issue of the Cardinal Star went to the press . . . the breath taking beauty of the A Cappella Christmas concert . . . the slap of paint brushes on a new set as the stage crew gets prepared for another play . . . evenings when the fellows waited around the YWCA to take us home from Y-Teens . . .

To us these so-called "extra-curricular" activities aren't extra at all. They are the indefinable something that makes our school life complete.

Dear Chuck,
Remember Geometry, who could forget it. Anyhow I wish you the best of luck in your future senior year. Paul Wilke

"Reach a little higher . . . No, down a bit. Good! It's finished." There in the hall stood the gaily decorated Christmas tree, one of the things Honor Society members did besides homework. Doing work well is the first step up the stairway to Honor Society membership. Next is earning thirty honor points for activities. We climb the steps of leadership, character, and service to reach the top. We're given our pins by Miss Fardy and the officers, Dick Yatzeck, Barbara McKinnon, Carla Schaefer, and Pat Collins. Then there's a weekly bulletin board to decorate, and finally the Spring Banquet, the climax to a year of work and fun.

QUILL AND SCROLL

STUDENT COUNCIL

Figuring out which is room 114 and which 113 isn't much of a trick these days, since our Student Council secured the long needed new room numbers. This is just one of the many projects sponsored by our government "of the students, by the students and for the students". Thanks to the fifty legislators who make up the council, we enjoy such annual affairs as Twirp season, Dad's night during basketball and Homecoming. Joining with other Suburban schools for promoting sportsmanship and better relationships in our league, Council members attended conferences and conventions.

In the spring, hearings on the Student Activity budget brought officers Art Beringer, Dick Jones, Mike Curran and Gen Davies along with Miss Nohelty adviser into long but worth while sessions.

Even the problems the new schedule posed were eventually solved by cooperation with various faculty committees.

Dick Jones gives final plans for the WTMJ broadcast of "High Time" from WHS.

Well Mr. H.
We had a lot of fun in S. H.

COMMISSIONS

Bright red skirts topped by sparkling white sweaters were proudly worn this year by the feminine cheerleaders. These new costumes were made possible by the Pep Commission who also planned the pep assemblies.

On Saturday night you are certain to find the school ablaze with lights, and teenagers happily dancing. An ambitious group of about 100 students who belong to the Rec Dance Commission help to plan these dances.

The C-4 Commission with the help of the "Courtesy Cat" reminds us to practice courtesy around the clock and especially at school functions, as Senior night, planned by the Guidance Commission to aid students in finding a career.

CARDINAL STAR

Rushing here and there is the usual hustle bustle activity seen in the Cardinal Star office. From Friday and until the paper comes out, our lives are a constant jumble of deadlines, copy writing, proof reading, and typing.

Eagerly read features are Editor Barbara McKinnon's "Barbed Bits" and Charlie McIntosh's column "As I See It" on the sports page.

Last spring the Star Staff was reorganized and page editors were eliminated. This new system already has proved its efficiency. Taking care of the make-up of the pages are Jo Bralick and Shirley Huebner. News editors are Joanie Normington and Pat Shaw. The sports page is covered by Wayne Kirchoffer and Rod Vilmur, editorials, Tom Michalski and features, Bob Keyes.

Under the supervision of Mrs. Lee our adviser (incidentally, new this year at W.H.S.) we manage to survive the rigors of publishing a newspaper and before we know it, we are again checking assignments for the next issue.

MEGAPHONE

Coke bottles, the litter of copy, and cries of "Where's the dummy?" depicts the natural state of affairs at Meg work sessions. There is always the taking of pictures (Mr. Pettigrew's department), writing copy and catchy headlines, proofreading, identifying pictures, and art work. Trying an offset book this year introduced us to the mysteries of paste ups and black paper. Those haggard souls you saw coming out of the Meg office might have been the Meg board members up to Dorothy Giese, our editor. Jill Anderson, business manager, worked with Miss Conklin to map a super campaign for selling Megs. By the end of March, after endless hours of rewriting, headaches, and jokes, we watched with pride as the progress chart we had been ignoring was finally checked off by Miss Kline, our adviser.

PEN 'N' INK

"To be concluded next week" — and in the meantime we'll fix up the plot, go over the grammar, and polish up the dialog. After all we're writing for a very critical audience who are would-be writers themselves, the members of the Pen 'n' Ink club, to be exact. And with the pointers that are offered in our weekly sessions, we learn to analyze our writing faults and to attain fluency in written expression.

Anyone interested in creative writing and who has a little ability are welcome to join Pen 'n' Ink. Our chief responsibility is the publishing of our annual magazine. Stories submitted by English teachers and Pen 'n' Ink members are judged by Lois Erdmann, editor-in-chief and Tom Michalski, literary editor. Together with our adviser Mrs. Metzner they prepare our contribution to the literary life of our school.

MASK AND WIG

The pounding and hammering on the sets plus the odors of fresh paint, sets the scene backstage. Dress rehearsals, last minute changes, then the moment everyone's been waiting for — opening night.

Now many people realize the work that goes into a play. Mask and Wig members are the kids who have worked night after night for weeks before opening night to bring about perfection.

Under the direction of Mr. Metzner, we have started our wardrobe department. After soliciting possible costumes from people in town, many girls spent their spare time sewing for our first costume play, "Victoria Regina." With the co-operation of all the crews, make-up (under the guiding hand of Miss Leman), lighting, costume, props, and stage crew, we have gained experience in all phases of dramatics.

Fine-Toned Music That Rates Many Encores

A CAPPELLA

Being an A Cappella choir member is hard work and good training, but more than anything it's fun. It was fun to don our black robes and present the annual Christmas program. It was fun to be applauded loud and long at Carroll College convocation and even those long hours of practice and more practice were fun.

We'll never forget the thrill of the annual Christmas concert. One hundred and twelve voices clearly singing "Adeste Fideles" as the procession moved toward the stage, the beautiful nativity tableaux and the reverent tones of the soloists made a memorable program.

We may never sing for another symphony but there was the night when we sang with the Waukesha Symphony. Then came our formal spring concert and our last appearance at Baccalaureate. Miss Monlux turned over the direction to our president, Joe Arreazola, and we sang "The Lord Bless You and Keep You." With this benediction, our musical year closed.

The Madrigal's year has been an active one too. These twenty students represent the choir in musical programs for clubs, assemblies and community groups. From their new arrangement of "Jingle Bells" to their serious study on the history of music, the Madrigal ensemble has added much to the listening pleasure of many audiences.

Music And Our Troubles Are Through

SENIOR BAND

"I hear music, but there's no one there . . . !" That's what all the students in Edison study hall think as they listen to the band practice diligently every afternoon in the room just above. But those blasts of trumpet, the mellow sounds of the woodwinds, and the clang of the cymbals are all in harmony in time for the first football game of the season. In the crisp fall air the rousing music matches the brisk mood, as the seventy members of the band lend a background for our energetic cheering. In the gay, braid trimmed uniforms the band goes through their sprightly-precision formations the half-time, led by the pert and pretty drum majorettes. The Pep Band, a smaller fifteen member part of the Senior Band, capably takes over for the basketball season. Their exhuberant good spirits are so contagious that they "pep" up everyone — the team and spectators alike. A flip of the wrist and a turn of the dial has brought us the band on several other different occasions, via the air waves. The Clarinet Quartet, another small band group, has also had several special spots on the radio this year. At other times, a short walk has given us a chance to hear the band, very ably led by the bandmaster, Mr. Carl Dollinger, for our assemblies and concerts. One of the final public appearances of the band was the annual spring concert, held on April 4, in the auditorium. There we heard many of the rhythmic melodies and gay marches, so much a part of the band. From the sour notes to sweet notes, those long hours of practice have brought the band through on a high C, and so "our band plays on!"

10th GRADE ENSEMBLE — TOP ROW: Knutson, Key, White, Taber, Hoffman, Beringer, Ferguson, Carlson, C. Graf, Tremmel, Kruck, Herbst, Arreazola, Prom, Jarvis, Schwartz, Grout. BOTTOM ROW: Smith, Normington, Books, Dietmeier, Eckert, Soulen, Rutenber, Maxson, J. Graf, Mrs. Dahm.

MUSIC GROUPS

The added something that makes our cheering section complete — the sparkle and the zest and zep produced by the Pep Band. These have helped to bring about many a victory for the "Mighty Men" of Waukesha High.

Playing at all our spectator sports, these fellows and gals have what it takes to boost our spirits when the going gets tough.

In direct opposition to the Pep Band we have the Tenth Grade Ensemble and the Eleventh Grade Triple Trio. Musical groups with a soft, mellow touch, designed for those who have the time, interest and ability to devote to entertaining various service and women's clubs, church groups and themselves.

Our Melodies And Pleasing Harmonies Fill The Air

ORCHESTRA

Fifty of Waukesha High's best musicians meet three times a week in our "Carnegie Hall" — Edison band room to you people who are hard to convince.

Anyone who has musical talent and is willing to practice is allowed in the group, and under the able direction of Mr. Tilly, our local "longhairs" delve into the secrets of fine music, and it should be stated, with a high degree of success. Many of the members go on to play in the Waukesha Symphony Orchestra which has gained nationwide recognition.

The orchestra favors us with several assembly programs each year, and the greater public is allowed to hear their accomplishments at the annual concert.

A few of the students in the orchestra belong to local dance bands, and find the instruction which they have received helps them greatly in this medium.

DEBATE AND FORENSICS

"Wanted: A boy or girl who likes to talk; to join debate or forensics". This ad never appeared in print, but that's what Mr. Schroeder and Miss Johnson want. Debating is more than just talking. At school and on our own we delve into facts and do research on the question; this year on the "Welfare State". Because the question mirrors current problems, reasoning out our cases is a challenge. The logic of an argument is the key to a debater's success, but we also learn to acquire speaking ability and poise. The out of town trips for practice debates were high spots of the season. Although Waukesha didn't place in the N.F.L. tournament, other fields of forensics fared better.

In serious and humorous declamations and extemporaneous speaking, Waukesha students received "A" ratings at the tournament, but extemporaneous reading and oratory didn't make top grades. These contests are held on an elimination basis; district, regional and state.

We Practice Leadership For Later Life

F. B. L. A.

Some people set their goal at "a chicken in every pot." Others set their goal at "a car in every garage". But the Future Business Leaders of America set their goal at "a better business employee in every office."

With this purpose in mind, we chose as our officers, Bob Chopp, president; Shirley Frederickson, vice-president; Ellen Sauer, secretary; and Elizabeth Jimenez, treasurer. Under the supervision of Mr. Piepenburg, a program committee co-operating with the officers planned weekly meetings. These meetings consisted of lectures by local businessmen, movies pertaining to business practices, or general discussion.

"There is no work without play." That old adage was not entirely ignored. For we entered a float in the Homecoming Parade, which won honorable mention, sold programs at the football games, and sponsored a mid-season dance which was called the "Queenette". But, above all, our proudest accomplishment of the F. B. L. A. is our list of 162 members.

With Mr. Hastreiter are newly installed FBLA officers; Frederickson, Sauer, Chopp, Jimenez, Tyler and Herman.

Camping trip at Utica Lake, Pancake Flip, banquets, State Convention, "No Gripe Week", "Do All Work Week", "Surprise For Mothers Day," National F. H. A. Week, etc.

All of these events well could be included in the memories of any F. H. A. girl. For the Future Homemakers of America believe in taking active measures in improving themselves and yet helping others.

The annual Christmas party is an event that no member would want to miss. Each year we donate gifts to the Milwaukee County Children's Home, where we help to make it a very "Merry Christmas" for the children who are present. Also during the Christmas season, the F. H. A. sends articles to needy boys and girls in other countries. Through this medium many "pen pals" are acquired, and also a "certain warm feeling" from knowing that we have done something for someone else.

A new face among the faculty this year, Miss Buckler, advised the officers, Doris Becker, president; Ella Pettis, vice-president; Arlene Klier, secretary; and Jean Kirkpatrick, treasurer, in planning the club activities.

Golden Memories

F. F. A.

Everything from testing milk to harmonizing; this is the Future Farmers of America. Our local chapter is one of the best and most active groups in the state. The boys take great pride in this fact and are constantly striving to live up to the reputation they have made for themselves.

All Ag students are required to belong to the F. F. A. The boys don't consider this an imposition, however, and they really put their hearts into their work. The 156 members under the direction of Mr. Born and Mr. Kelly sponsor and take part in the annual F. F. A.-Faculty basketball game and a 25 voice choir.

In order to keep up with the happenings in the agricultural world, the boys attend several conventions every year. The officers: Jim Wendt, president; Jerry Kurth, vice-president; Bob Abrahamson, secretary; and Lloyd Salentine, treasurer; attended the National F. F. A. convention in Kansas City, and representatives were also sent to the Chicago Livestock Exposition and Indianapolis Dairy Exposition, where Al Basse won top honors for his prize heifer, "Cinnamon".

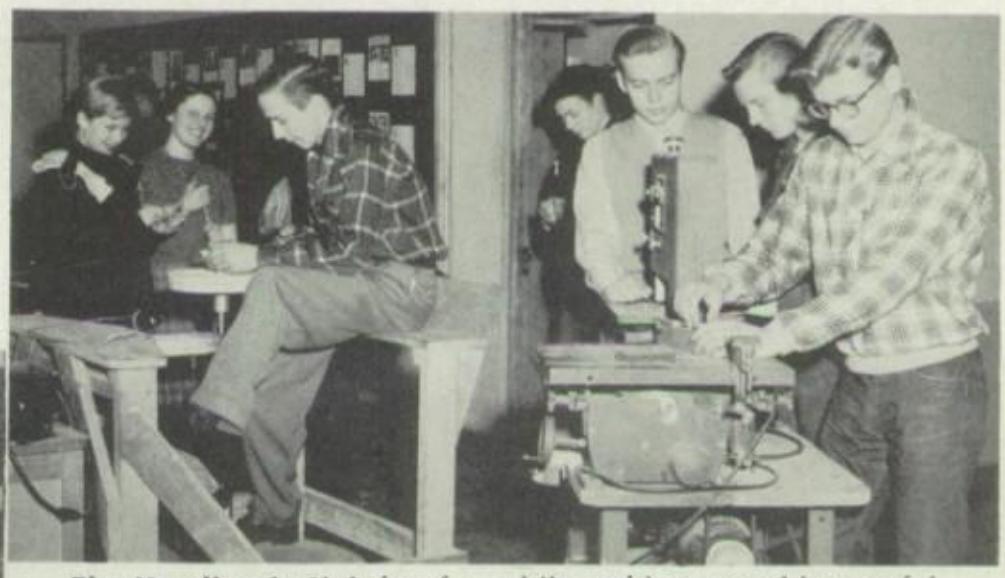
New Organizations, New Experiences, New



The Handicraft Club has fun while making something useful.

Mr. Pettigrew explains the fundamentals of lens and shutters to the **Junior Photography Club.**

8th HOUR ACTIVITIES

Variety is the spice of life. This year, with the addition of eighth hour, new clubs were organized to give us an even greater variety of activities.

Those students wanting to broaden their cultural background joined the German Club. Others set their goal on becoming future Einsteins and became members of the Junior Science Club. We showed an increasing interest in travel with the introduction of Highways and Biways. Those with an artistic skill made ceramics and wood carvings in Handicrafts Club, while girls looking for something different signed up for Girls' Woodwork Group.

All of these clubs are just a sampling of various activities offered in school. We participate in everything from art to science, language to manual labor. Yes, variety is the spice of life.

Learning about our home state with maps and reports occupies these members of the **Highways and Biways Club.**

SERVICE GROUPS

Setting up the movie projector in the classroom; checking out books in the library; working backstage with the P.A. system and the lights; running the switchboard in the main office; collecting attendance records or operating the Lost and Found; we are trained to help both faculty and students. ATTIC, GIRL SCOUTS, Y-TEENS AND HI-Y

"See you at the Attic!" Located at the YMCA, the Cardinal Attic provides cokes, companionship and songs for those who attend.

A boat trip across Lake Michigan, a chili supper and camping in the summer are some of the activities of the Senior Girl Scouts. Under the direction of Mrs. Normington, the Girl Scouts perform many service projects also.

Both the Hi-Y and Y-Teens are made up of students from the 7th through 12th grades. These students sponsor many of the school dances.

JUNIOR HIGH ACTIVITIES

Election time at Junior High is a scene of general confusion — balloons floating through the air and campaign promises flying thick and fast. The privilege of choosing their council representatives is fully appreciated and enjoyed by the 7th and 8th graders.

After the confusion dies down and the members and officers have been chosen, the Council, under the direction of Miss Hanson, swings into action.

Final returns showed that Ray Anderson would preside over meetings, assisted by Pat McKinnon and Sally Laing. This year, the council has done an excellent job of governing the Lincoln Building.

But Student Council isn't the only activity open to 7th and 8th graders who wish to further develop their interests and abilities during activity period. Such groups as Star Reporters, Junior Pen 'n' Ink, Arts and Crafts, Home Nursing, Camera Club, Girls' Shop, Boys Home Ec., Glee Club, Dramatics Club, G.A.A., Boys Sports, and Young Scientists Club have also been organized.

Members of the Assembly Commission, SCA Cashiers, and Patrol Boys, like the Council members, are of great service to their school and also their friends.

For anyone who survives all these activities and still maintains a high scholastic average, there is, waiting at the end of the semester, a membership in the Junior Honor Society. Those who stay "on the ball" for three semesters become members of the National Junior Honor Society.

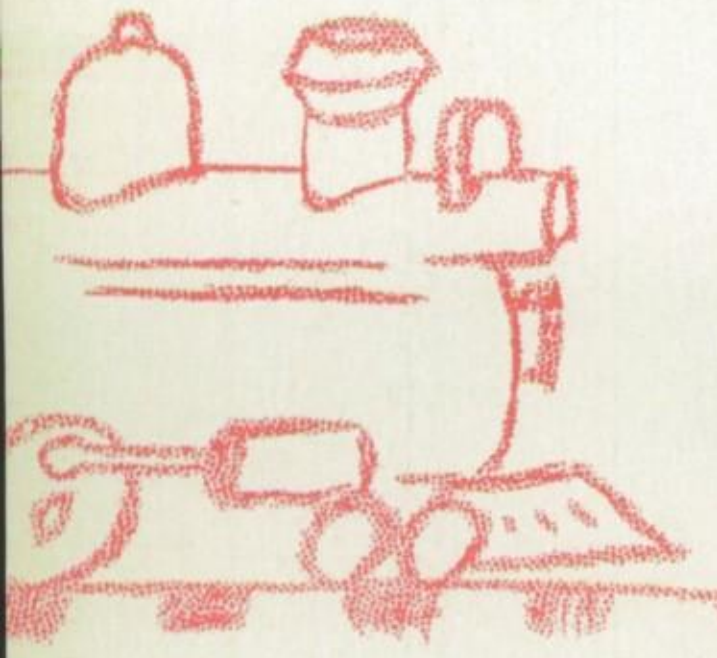
CLASSES

The buses pull up to the high school . . . students jump out . . . lockers bang — symbols of the hustle and bustle of another day beginning at our high school. . . . Cries of "got your history book?" . . . "What's the assignment in English?" are heard throughout the crowded halls. Lines form at the book store for supplies, bubblers for the "pause that refreshes," and advisers' offices for absence passes. Gradually the halls empty, the tardy bells ring and we settle down in our classes. Although our school is big and there are many students in each class, we have a reputation for friendliness. Students and teachers greet each other with a friendly "hi" and new students are pleasantly surprised at our welcome.

Don't pay any attention to our gripes about how hard we work, for we really do enjoy school — the people, the classes, and the activities. We have typical outfits that we like to wear — the boys in levis and the girls in long skirts with sweaters. We may go to extremes in our dress; we may sound silly, noisy and always giggling; but we do have some serious thoughts in our heads, and when given the opportunity we prove that we can take responsibilities, for we young Americans are passing through that phase in life known as "growing up."



A familiar scene in the Guidance Office — Dr. Rothney helping a senior plan his vocation.

Mr. Danielson, Dr. Rothney

Blueprinting The Future

"Senior Counsellors Are Here Today" reads the sign on the door of 209. Won't you come in and meet them?

Behind that desk is Dr. Rothney, Professor of Education from the University of Wisconsin. His warm personal attention coupled with his many ability and interest tests have guided the vocational thinking of our class since 1948.

In 1949, when the class was divided into a control group and an experimental group, Mr. Danielson came to help him. Together they are carrying on a research project to determine the effectiveness of guidance. In ten years, they will compare the experimental group to the control group to see if intensive guidance made a difference in success.

CLASS ACTIVITIES

Seeing college representatives, checking credits, taking entrance exams, and consulting with Dr. Rothney added to the excitement of our senior year.

Eagerly we entered clubs and found ourselves executives instead of one-man cleanup committees.

New schedules created havoc in the first weeks of school with classes and activities.

"I'll see you after school, seeing that you have fourth hour lunch and I have fifth!"

Order began to reign about the time of the fall class elections.

Ruling the senior class were Dick Abplanalp as president with the wonderful advice of Miss Wulfing, class adviser, and his cabinet of three: Jim Imig, vice president; Nancy Hansen, scribe; and Don Le Beau, treasurer.

Sentimental graduation time comes and we all say goodby.

CLASS ACTIVITIES

Juniors are finally carrying the responsibilities of upperclassmen.

Una Nehls has worked with her "family" these last two years.

Never before has there been such a combination of guys and gals. Most of this combining is done at the Attic.

In school life we held our own. We were prominent in sports, clubs, and activities.

Officers we elected for this year were Fred Goerke, president; Mike Curran, vice-president; Nancy Pfeil, secretary; and Rod Vilmur, treasurer.

Required subjects were the now familiar English and U. S. history.

Social life was climaxed by our Prom. Many hours were spent to make it an enchanted evening.

CLASS ACTIVITIES

Senior high opened its doors to anxious sophomores.

Odanata and diptera initiated us into biology.

Posters helped elect our class officers, Al Petajan, president; Bobbie Behling, vice president; Emily Arreazola, secretary; Gene Pickering, treasurer.

Highlighting the social aspect of our year was the sophomore party.

Out of school moments were divided between dances, sports and homework.

Miss Fraser, our adviser, always had time for the slightest problem.

Offers to participate in activities were eagerly accepted.

Rushing through a short noon hour to get back on time kept us from loitering.

Everyone gradually got used to the new schedule.

Satisfied are we with our second year.

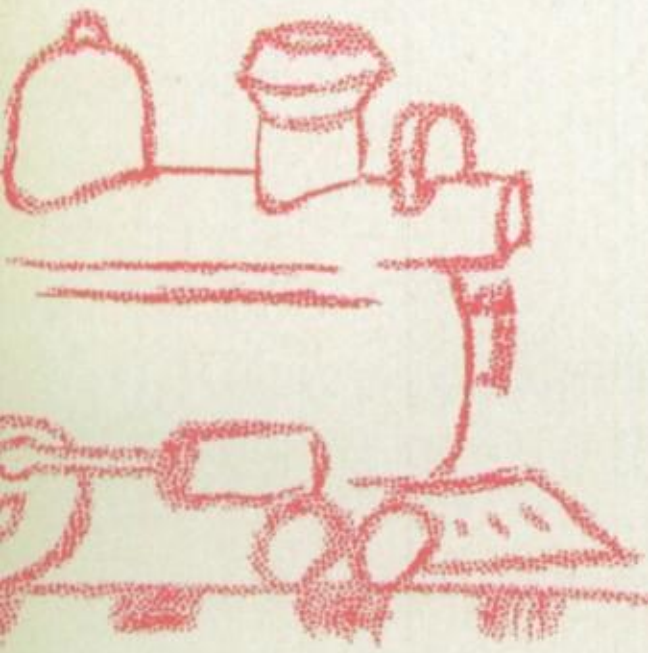
INSTRUCTION

There's a loud buzz at 8:10 and the late comers and hall-loiterers rush into the classroom to get in their places on time. After the clatter gradually subsides we can catch a glimpse of the incidents we know we'll always remember: the discovery of our occupational dream in civics class . . . that insect collection we hunted for in biology . . . seeing the film "The River" . . . the rotten egg smell in Chemistry . . . the struggle with quatrains and meters in poetry . . . verbs and vocabulary in Spanish or Latin . . . filing income taxes in Problems . . .

No well-equipped classroom is complete without the teacher. Certainly we'll remember: their patience during the weekly Thursday night make-up sessions . . . their complete knowledge of the subject . . . the time they "let their hair down" in the teachers' assembly . . . their delight in seeing the graduates who came back to visit them . . . their understanding of our personal problems . . .

The enjoyment we share along the road to wisdom enriches our high school years.



MR. R. G. HEIN
Superintendent of Schools

For Direction —

How would you like to be responsible for the education of almost 4,000 children? This is the task Waukesha has delegated to the Board of Education and Mr. Hein, the superintendent. To maintain 6 elementary schools the Board needs 200 teachers and other employees.

While we are especially proud of the improvements made at Haertel Field, we are also much interested in the new and very modern White Rock and Hadfield schools being built for our kid sisters and brothers. There's a bit of wishful thinking on our part, too, for a new high school someday.

BOARD OF EDUCATION — Mr. Morgan Butler, President. BACK ROW: Messrs. Gilham, Hey, Callow, Butler, Mrs. Soulen, Mr. Gustine. FRONT ROW: Mr. Hein, Mrs. Connell, Dr. Werra, Miss Rohleder, Mr. Cairns.

Not For Commanding

Suppose all of the people in the 5th ward had to move from one house to another within 4 minutes every hour. There you have a picture of Waukesha High School students surging from one class to another seven times a day.

Responsible not only for this mass migration but also for all other items of student welfare is Mr. Shields, our principal. His chief concern is the smooth functioning of the school to guarantee the best education possible for us teen-agers. Mr. Goerke, vice principal is in charge of student behavior and discipline (how I love that detention!) while Miss Wolf, principal of the Lincoln building, "mothers" the junior high.

SOCIAL STUDIES

From the manager plan in ninth grade, to the Civil War in eleventh, to figuring income taxes in twelfth, social studies offers a challenge for thinking. Students are encouraged to evaluate critically American government, history, and present social and economic problems so that future voters will be thinking voters.

CORE CURRICULUM

Just like the fruit of the apple grows around the core, the school life of the seventh and eighth graders grows around the core curriculum. This course of combined Social Studies, English, and Art has the seeds of higher education — seeds that are already sprouting junior high wisdom.

ENGLISH

A, B, C, D — that was just the beginning. How far we've come since then! Now it's the dictionary, the grammar handbook, self-aids, the reading clinic, and the Readers' Digest. Milton and Dickens, Poe and Longfellow, only a book could transport us the miles we've traveled.

SPEECH AND DRAMATICS

We learn to project our voices in Speech class and express ourselves clearly. Stage fright disappears in our effort to keep our audience interested.

ART

Who are the students of E.221 — Picassas and Van Goghs of tomorrow, or per chance, an Al Capp or a Chic Young? This year the advanced class formed a corporation and sold their objects d'art to finance a trip.

MUSIC

Singing, tooting, fiddling, pounding — the students of Waukesha High pay their tribute to the god of music. From the junior high glee clubs to the senior band, the inspirations of this muse are revealed and practiced with gusto.

LANGUAGE

A linguist speaks many tongues but few people achieve mastery of one in high school. Latin is the mother tongue, but many students lack the maternal devotion to study it four years. Some of us study Spanish in a two year course, while German is offered whenever there is enough demand.

HOME ECONOMICS

The way to a man's heart is through his stomach, unless he has ulcers. These girls and boys really learn the ropes of home-making. Preparing scrumptious meals and making their own clothes keep them busy. Who knows what they'll turn out next — perhaps a new and different recipe or an elegant dress design. Anyway, we know they have lots of fun doing it.

COMMERCIAL

Training in bookkeeping and salesmanship, as well as shorthand and typing, lead commercial students to seek employment in our city. This year seniors spent six weeks in downtown offices becoming accustomed to the business world.

INDUSTRIAL ARTS

Woodwork, machine shop and mechanical drawing mean blue printing, drafting, lathing, assembling, polishing and perfecting — manual skills which students in the industrial arts course can be proud of having developed.

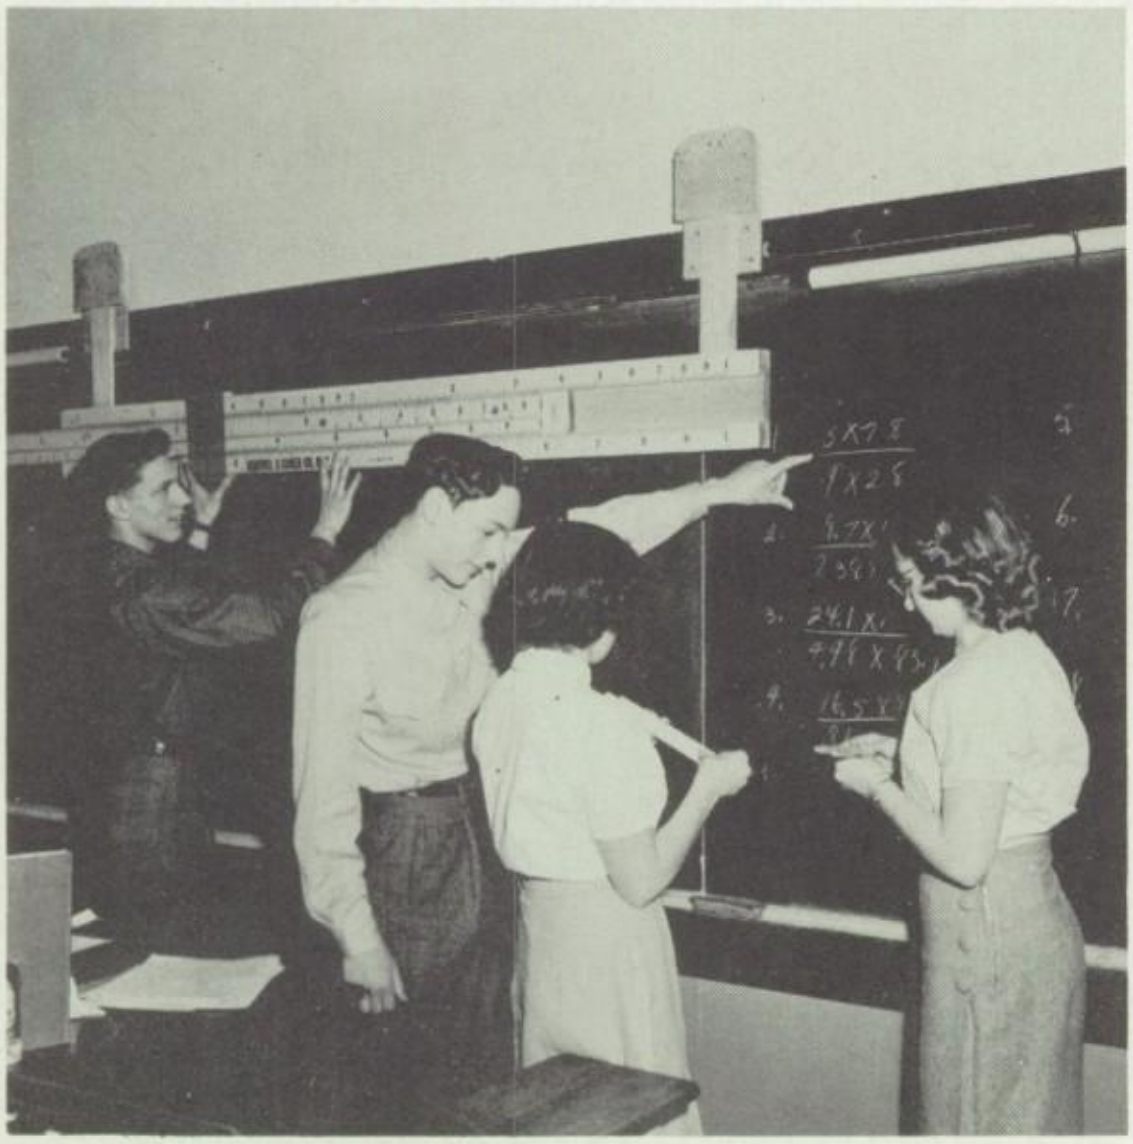
Experiments

SCIENCE

H_2SO_4, E = IR, protozoa and algae, Venus and Mars! What are all these strange sounding terms? The explanations aren't all in the dictionary, and your English text doesn't have the answers; so, if you have a knack for science, make your way to the nearest science room. There you will find the books, microscopes, and test tubes with which to probe and discover.



MATH

Readin' and ritin' and 'rithmetic taught to the tune of a hickory stick! This old adage no longer holds true but even without the hickory stick math seems to be the Waterloo for many of us.

Math can be fun, as further investigation proves. Isn't it true that we make "pies" in algebra and pictures in geometry?

It's the timing in the swing of a baseball bat, the smoothness in swimming, the rhythm in dancing, and the thump of feet on the gravel track that are typical of the activities offered in this department.

AGRICULTURE

Being an ag student involves more than milking cows. Analyzing soil, visiting neighboring farms, and learning the modern methods of scientific farming are all part of our program.

FOOTBALL 1950

By undertaking a major reconstruction job, Coach Vince Gavre molded an inexperienced Blackshirt squad into a smooth-functioning, if not impressive, football team. For seniors, Gavre was the fourth new mentor in an equal number of seasons, and one whose spirit and leadership won him the players' confidence from the first late-August practice scrimmages.

Analyzing the season's record of these Battling Blackshirts of 1950 tallies five losses, two ties, and one win in conference struggles.

In a hopeful first half of the opener at Cudahy, the hosts (and future Conference Champions) connected on a 45 yard hurl to score. The final decision of 32-7 found the losing Gavremen in possession inches short of pay dirt.

FIELD IMPROVEMENTS

At the inaugural game for the new scoreboard and bleachers, the invading Whitefish Bay Blue Dukes skimmed through the Cardinal line to score in every quarter, and failed to be flustered at darting quarterback Anderson's needed seven. The clock ticked off the score at 31-7.

The usual block-busting tactics failed to function — there just was no ground-gaining gadget to employ, and the lone score of the Shorewood game was the product of a McIntosh to Anderson cast. Due to costly fumbles in the most crucial moments of this 20-7 loss to the Greyhounds, Gavre drilled on alertness the following week — and the precautions paid off. A bucking Blackshirt batallion squirmed its way through the usually titanic Tosa line to stymie the Raider eleven, 19-19. Line-bucks and end-arounds, spirited by "Rabble-rousing" Ritt, drove the rejuvenated team across the Raider field once in the first half and again for good measure in the opening minutes of the second. Tosa reaffirmed its lead of 19-13, but were bowled over when pass-snatching Dresdow barely balanced the teetering pigskin to tie the score as the gun sounded.

The highlight of the season was the 7-6 Homecoming Victory over Nathan Hale. Fresh from

all the traditional festivities, a roused and alert Spring City team, spearheaded by Lombardi and Ferguson, hustled down the field to rack up six. Spelius made good the extra game-deciding point. After a dismal invader score and ball fumbling on the point-after attempt, the spirited Hale-Nailers maintained their lead to win, while happy Homecomers went victory mad.

MID-SEASON COMBAT

Bad breaks in penalties and time accounted for the even-up game at West Milwaukee the following week. Scoring first, Wee-Me-Hi saw an equally powerful Cardinal squad scamper to a 7-7 tie. Next the Northerners of Beaver Dam gave their not-so-hot southern brothers from Waukesha the cold shoulder to the degree of 14-7 in an off-week non-conference tussle.

Largely through light hitting and poor blocking, an over-confident Cardinal Club was routed by a cellar West Allis Central team, 13-7. The blistering wind created dust bowl conditions on the Bulldog's turf and delayed the Centralites' scoring until the fatal fourth quarter, when they conquered the elements and the lone-touchdown Shirt squad.

FRIGID FINALE

The following week's final game of the '50 season was played on a snow-covered, slippery Haertel Field. A few hardy fans saw the South Milwaukee Rockets sizzle once 'midst the blizzard and hold their 6-0 lead to the end.

At the post-season W-Club Banquet, letters were awarded to Dresdow, Ferguson, Chuck and Bob Lombardi, Ritt, Scichili, Spelius, Hofstetter, Schwartz, Jones, Seidl, Davis, Pickering, Schmidt, Goerke, Managers Crowley, Anderson, and Schickowski and guard Elmer Biersack who also placed on first team All-Suburban.

Anderson, Atkinson, Gronewald, McIntosh, Wagner, Schultz and Grauer received their football W's for their last season with the Cardinal and White Alma Mater.

Gilham touches — Horwitz takes off, as the State record holding 150 yard medley relay team breezes to another victory.

SWIMMING 1951

Coach Campbell's swimming team has had, without a doubt, its most successful season since 1942, and was the best in championship competition that this school has ever had.

The brightest stars in Waukesha's swimming crown were Gilham, Suburban and State backstroke champion, and Horwitz, one of the state's outstanding breast-strokers — both potential All-Americans.

The mermen left in their wake five new school records, one Cardinal Relay record, and one State record. The school records were: Draeger's 2:12:8 in the 200 yd., Gilham's 1:04:3 in the backstroke, Horwitz's 1:05:1 in the breaststroke, the 1:44:2 of the 200 yard relay team, composed of Kresser, Petajan, Thompson, and Jones, and the 1:24:1 of the 150 yard relay team, of Horwitz, Gilham, and Petajan. The Cardinal Relay record, and State Record were also set by the 150 medley relay team.

Netmen Spike Their Way To Victory

VOLLEYBALL 1950

A tie for the Suburban championship and runner-up for state honors was the 1950 record hung up by the Blackshirt netmen. Under the excellent coaching eye of Mr. Sohr, the local volleyball squad wound up a successful season with a total of 5 victories and 2 losses. The two games lost were dropped to Wauwatosa, thus creating a tie for Suburban honors. All the other Suburban teams bowed to the precision play of the Cards. The record now stands at 4 ties and 21 first places in the twenty five years of competition for the Sohr netmen. In the state tournament at Madison, the Waukesha lads made it a clean sweep until they lost to Madison Central who took the title. Senior spikers on the 1950 squad were Kadrich, Chase, and Mathie with Nettesheim, Krueger and Kluge completing the senior group as set up men.

BASKETBALL 1950-1951

Another thrill-packed basketball season began with the annual Janesville game — and a Cardinal victory. A willing but inexperienced Blackshirt crew proved that "A little spirit can go a long way," as they trounced the favored invader five by widening the margin in the first half to find themselves on the long end of the 41-35 score.

BLACKSHIRTS IN SURPRISE BATTLE

By excellent team play and surprising ball-handling the Shirts gave the title defenders of Wauwatosa a thrilling battle in the conference opener. Sparked by Matthias' timely goals the defenders shaded the Shirts 39-35.

The team failed to hit its stride and suffered a second conference loss to Hale. The determined

mid-game rallies were not enough for the Blackshirts in a lowscoring court battle that saw the Halers clinch the 39-27 game. The next week the West Milwaukee Mustangs invaded Waukesha to tally 52-32 in an easy win, finding little resistance in the local quintet.

Frosh forward Mattiacci paced the Shirts in their long-awaited first conference victory with 22 points. The win famine was ended by trampling a disorganized West Allis Central squad 41-21.

CARDINALS VISIT VALLEY TEAMS

On a Christmas jaunt the Waukeshans were knocked 57-35 by a revengeful Stevens Point Five who made up for our upsetting victory previous season. The Rapids Cagers, trying to out-do their northern neighbors, routed out Spring City squad 76-39.

REGIONAL TOURNAMENT AT WHITEFISH BAY

In the first tilt for sub-regional honors, the local quintet with their deadly-eye were nosed out in a see-saw battle by the "C4 Champs". The Shirts sparked to lead in the final quarter only to see their efforts washed out by the Menomonee Falls five in the final seconds.

The Cards led most of second half to edge Shorewood in a bouncing defensive battle 38 to 40 in the consolation tilt.

The Blackshirts wound up as consolation winners when they dropped the Port Washington Pirates from the tourney's running 52-46.

The hapless Shirts, still licking their wounds, invaded Cudahy where Mattiacci led the scoring as Waukesha blasted the Packers 42-29. After a nip and tuck first half, the doughty warriors of Waukesha rolled up their second straight suburban triumph.

An alert crew of Shorewood Greyhounds turned back the striving Shirts 38-25 even after our hopeful but ill-fated, second half rally. The Waukesha High cagers threatened to upset heavily favored Whitefish Bay, but dropped an 11 point lead at half time to go down in defeat 52-48. The dead eye of Bay's cagers on the free toss line out-matched our half time lead.

Litt and Anderson paced the locals with 14 points each plus a steady monopoly of the rebounds in the South Milwaukee battle. The tall Rockets crushed the Blackshirts in the first half, then coasted to a 59-50 win.

LOCALS DRAW REVENGE TILTS

The Blackshirts secured revenge for their earlier defeat at the hands of Wauwatosa when they upset the Raiders 36-34 on the home court. A stiff defense, along with Lawrence's long one-handed push-shots, highlighted the upset. The Shirts scored their second straight victory over the Hale five, 43-32, leading by no less than 10 points throughout the contest. The Cardinals lacked the drive in the next tussle with the West Milwaukee challengers. They were smothered by the aggressive Mustangs, and the cheers of the loyal Wee-Mee-Hi Fans could mean one thing: the Mustangs had clinched the Suburban Title by this 66-52 victory over Waukesha.

Central's Bulldogs fought a 49-41 win over the Shirts in the last conference tilt which secured a place standing for Waukesha in the Suburban Conference.

GOLF 1950

Waukesha's par breakers led by Ernie Schaefer took to the fairways. With Soder, Fuchs, Vincent, and alternates Burmeister and Schulze, the Blackshirts copped 4th place in the eight team Suburban Meet held in May. The Blackshirts, working without an official coach, once again completed a fairly successful season.

Ernie Schaefer again swinging his way to the top of the card, walked away with 2nd place honors in Suburban league competition. Schaefer also hit his mark in the State Amateur Golf Tournament in which he claimed runner-up position in the state.

TENNIS 1950

An inexperienced Waukesha Tennis Team enjoyed a mediocre 1950 season, finishing fourth in conference standings. The team dropped four of their seven matches, even though the squad boasted Al Jamieson, top singles player in the conference. He was undefeated in conference play but the team lacked the power in other positions.

Coach Friese's squad started out in fine shape, taking Hale and Central but dropping three in a row to Bay, South Milwaukee, and Shorewood. They found themselves again, taking Cudahy, but losing the finale to 'Tosa.

Besides Jamieson, the team consisted of Kioseff and Potthast at singles, with Kimball and Gusho, Horr and Dresdow at doubles.

CROSS COUNTRY 1950

Those who go out for cross country maintain that this sport is the most gruelling of all sports because it requires speed as well as excessive endurance.

Coach Russ Coley's harriers dropped the first two meets of the season to South Milwaukee and powerful Bay View, but edged Kenosha 20-45, with Chronis' record-breaking 9:04.0. Waukesha then ran a close second to Tosa but outraced Kenosha again in a triangular.

Led by sophomore Kowalski, who finished first, we won 21-51-78-100 from Shorewood, Bay, and Central. In overwhelming Hartford 15-55, all eight of our hardy harriers finished ahead of their best runner. Waukesha followed through by trouncing 'Tosa and Central, and Rufus King and Sheboygan. in two successive triangular meets.

Henry Shane brought home fourth place honors from the Janesville Invitational, and the harriers copped third in the Suburban run at Merrill Hills. Lederer turned in the season's most outstanding performance by finishing sixth out of 107 in the state meet, in which Waukesha High placed fifth.

Letters were awarded to Chronis, Kowalski, Lederer, Malone ('50 captain), Mischo, Otto, Peterson, H. Shane ('51 captain), and J. Shane.

TRACK 1950

With the loss of four lettermen, Coach Bob Campbell faced the problem of completely rebuilding the 1950 track team. Gene Kadrich, the mainstay of the team, was one of the two men to place in three events at the Suburban meet, and helped affirm our fourth place standing. In a dual meet, the local cindermen lost 61-52 to a traditional rival Tosa, but swamped Central 78-25 in a later dual. South Division copped the 1st place honors with 55½ points in a sectional; Waukesha breezed in second with 44 points.

Conference Champ Dick Schikowski's 11′8″ leap in the pole vault contest at the state meet was an outstanding one in its class. Sophomore sprinters Ritt, Scanlan, and Peterson were consistent throughout the season.

Our thinclads racked up 77½ points to Tosa's 73½ and Central's 34½ in a triangular but slumped to 5th spot in the Big Suburban meet. The suburban relays, dominated by Whitefish Bay with 70½ points netted a 44 point place for third place for Waukesha.

The BAA provides a sports program for boys who are not able to engage in regular high school athletics but desire to compete with their fellow students.

Under the leadership of Mr. Corrigan, the boys started off the touch football season with Ken Jones as manager. The Freshman-Sophomore league ceded the championship to Lawrence's team, while Nolte's team copped the championship in the Junior-Senior League.

The Cohn-Lawrence team tallied the championship managed by Cox and Jones. Top honors for Junior-Senior competition were shared by Tates' Juniors and the F. F. A.

In the spring, softball was played under the management of Lawrence. The fall golf tourney, guided by Schaefer, was won by Burmeister. In addition, free swimming was open for all BAA members.

Officers were Gary Lawrence, president; Merle Efferding, Ken Jones, and Tom Larson.

The Junior hopefuls, from the 7th and 8th grades, were coached by Mr. Pichotta. Baseball, touch football, hand soccer, basketball, and softball were played. Junior High swimming and track meets were held.

The echoes of "Make that basket," "Strike-out," "One free throw," and other cheers of merriment are heard at the weekly sessions of the Girls' Athletic Association.

Supervising things in general were Misses Dodge and Sears. The presidency was capably handled by Marilyn Bollogh, and her supporting officers were Nancy Pfeil, Mary Berish, and Joan Normington. Nancy Miller had the honor of instructing archery, the first sport of the year. Cleo Wilson proved to be a well-liked volley-ball leader, while Mary Eileen Collins did her share by directing basketball.

Ping-pong under Emily Arreazola and swimming under Gretchen Bahr were handled as individual competition. Shirley Prom ably directed tennis while spring brought out baseball bats and balls with Nancy Andringa officiating.

Something never to be forgotten was the candle-lit Christmas party. At the G.A.A. annual banquet, Dona Rae Jones was awarded the coveted cup for the outstanding team of the year. Also "W's" were presented to those girls who earned one thousand points by participating in various sports.

Dear Chuck, (student)

Gosh this was a big year. So many things to remember! If I hadn't danced at least one dance with you at the Rec. Dances I guess it wouldn't be right. We sure had fun. Then the attic. What a jolly place. After the games you couldn't put your foot down that another one was on top of it. All the formals were fun but the Prom was best. You + Betty made a real nice couple. Good luck with your add jaws with Rev. Young. See you see summer.

Best Luck as a senior.

SCHOOL LIFE

Lasting memories are the everyday events. We'll never forget how confused we were with the new schedule the first few days of school. But then there was seeing our brand new scoreboard, the cheerleader's new outfits, and the new look of the auditorium for the first time . . . cheering for all we were worth at Homecoming and Dad's night . . . the epidemic of fainting at the annual A Cappella Christmas Concert . . . cramming at the last minute for semester exams and then moaning over report cards . . . painting sets and working on costumes for "Victoria Regina" . . . the fun we had at the Attic birthday party (especially the free sundaes) . . . being entertained by the faculty in a hilarious teachers' assembly . . . going to Saturday afternoon track meets . . . working at the last minute to finish Prom decorations . . . how everyone suddenly acquired acute cases of spring fever which disabled our fellow classmates . . . how fast June crept up bringing the humor of Sr. Night, the seriousness of Baccalaureate, and the thrill of graduation with it . . .

And all too soon the year is over . . . deserted corridors and vacant lockers silently remind us of "one of the best years of our lives."

P.S. Stop in at Rode's sometime I'll be there as usual.

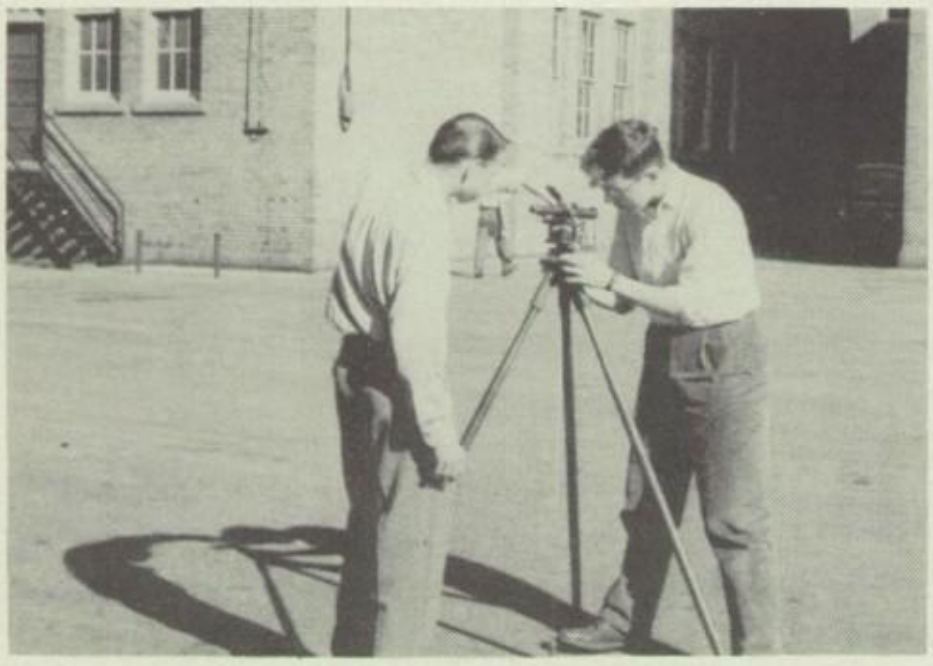
Mary Eileen Collins announces the "All-Stars" at the annual G.A.A. basketball spread.

Nancy and Dick pin up the stars that sparkled the night of Prom.

Gossiping girls enjoy the conversation as well as the spring weather.



Dave and Dick seem to be quite concerned about surveying. Their shadows look interested too.

Waukesha Freeman Photo

The C-4 Commission hangs up the washing for Courtesy Week.

Hardly recognizable are these seniors in their Sunday best. Quite a transformation for the P.E.O. Tea!

Tying tourniquets and using splints are just part of the Red Cross course taken by Y-Teens.

Hi Chuck-
Well the old year is drawing to a close - I can't say that I miss it. Although we've had a lot of fun. I'm glad the -- of a lot of fun to see things are working out for you and "Gretch". You were kind of down for a while there. We'll have to get together for some golf this summer.

Best of luck
Dick Jones

I never thought you'd last the year, but, but you did! It's been fun to have you in my famous fifth hour class. Come to see me next year.
Best wishes to you.
Hope Gardner.

Charles D.
Keep up with your live
lover & with Gretch you'll
get by. Best of Luck.

P.S. I Meant To Tell You About . . .

Dear Chuck,
Chemistry sure was fun with you around. Remember that night at the United and we all went up to my house. We told "Willie" stories and my parents refused to go to bed. And Art played the pob - story of his life. And Dick told us the pob - story of his life. We can have some good partys like this all summer. Here's hoping we can have some more. Well, here's hoping you have a rip-roaring time at camp.

Chuck —

Boy wasn't History Class a riot. Im sure glad that its over. Choir was a lot of fun, though - Im glad ullll have it again last year. Sorry that you + Gretch won't be going steady too much longer but good luck next year.

Happy Birthday.

Good luck as a senior

P.S. in case you're
ran out of ink!

Dear Chuck
Heres hoping you
get more pass this
summer and next
year. See you around
Jim Newgard

Dear Chuck,
You sure are dumb
in Algebra. How and
me couldn't seem to catch
on. Having that gang of ours
in chemistry was more fun
than anything. We sure
raised h— in the
former like it.
Take it easy on the
